CONNECTIONS

...To connect Daviess County residents with Resources that meet their needs."

CONNECTIONS was created to serve as a central clearinghouse for information and referral. CONNECTIONS does not give monetary assistance, but links people in need to appropriate service providers within the county that can offer assistance. CONNECTIONS is staffed by a part-time Director, part-time Case Manager and 3 volunteers. Calls are answered on the helpline from 9 am to 12 pm, Monday through Friday with voicemail available for after hours calls.

**3 volunteers
 vision 420
 hours of service**

A continually updated database of community resources is maintained offering those in need a broad range of resources that otherwise may be unknown to them. This valuable database of information helps reduce the occurrence of duplication and abuse of services and time spent researching calls.

There were 328 applications completed in 2020 with 302 families receiving assistance.
