CONNECTIONS

...To connect Daviess County residents with Resources that meet their needs."

CONNECTIONS was created to serve as a central clearinghouse for information and referral. CONNECTIONS does not give monetary assistance, but links people in need to appropriate service providers within the county that can offer assistance. CONNECTIONS is staffed by a part-time Director, part-time Case Manager and 2 volunteers. Calls are answered on the helpline from 9am to 1pm, Monday through Friday with voicemail available for after hours calls.

A continually updated database of community resources is maintained offering those in need a broad range of resources that otherwise may be unknown to them. This valuable database of information helps reduce the occurrence of duplication and abuse of services and time spent researching calls.

YIVIR Q #

To provide and promote a collaborative service network that will increase efficiency, diminish redundancy, and eliminate gaps in services to children, families and individuals within Daviess County.

ADDITIONAL PROGRAMS...

CHRISTMAS ASSISTANCE

Jubilee Christmas is a local holiday assistance program designed in Daviess County .

help families be the “hero” in their children’s eyes by letting them shop for presents, wrap them and take them home to be opened on Christmas morning.

CONNECTIONS works closely with the other holiday assistance programs to ensure families in need have gifts for their Children.

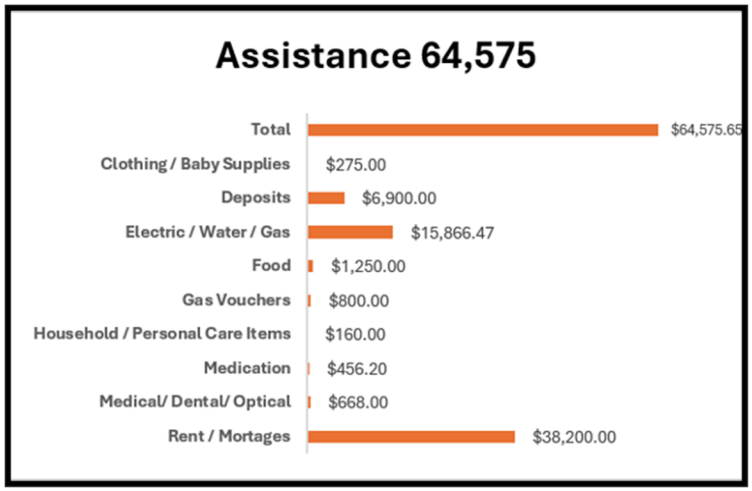

We work with the Marines at

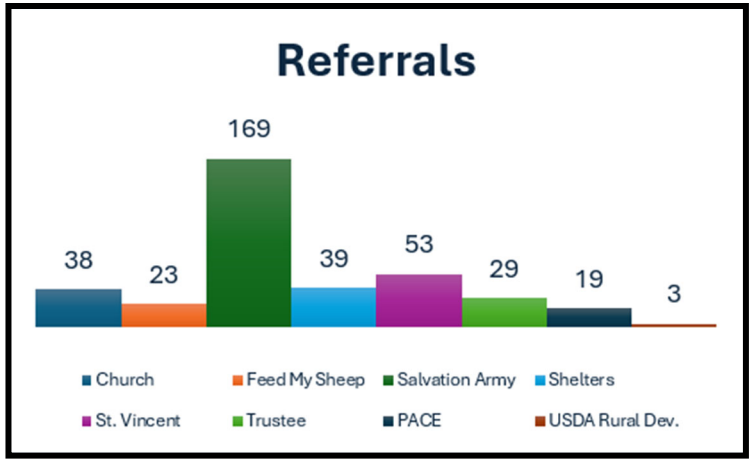

The Naval Support Activity Crane base to distribute toys to 116 children.

We also work with the Salvation Army and served 41 Children.
